

# **Toxicology at Texas A&M University**

## **Graduate Studies: Programatic Cost**

### **Cost of Study:**

Tuition and fees for graduate credit hours are approximately \$3700-\$4000. (Full-time enrollment status requires 24 semester credit hours per year, 9 each in Spring and Fall semesters and 6 in the Summer.)

### **Financial Aid:**

Research assistantships and fellowships are awarded on a competitive basis and students are also supported by research grants in their respective laboratories. Additional aid is available from the Department of Student Financial Aid if needed.

### **Living and Housing Costs:**

University Apartments average \$300 per month, ranging in size and furnishings. Additionally, there are over 100 privately owned apartment communities dispersed throughout the community that average \$475 for one bedroom units.
